

help South Lakeland Parks to love your lakes

South Lakeland Parks are members of Nurture Lakeland and are committed to supporting local conservation.

During your stay you can help support the dynamic work that is being done to look after Cumbria's beautiful landscapes and wildlife.

By choosing to donate just £1 on your online bill you will be helping to support some fantastic conservation projects.

You can also look out for donation boxes around the site you are staying at.

South Lakeland Parks are supporting the Love Your Lakes campaign, a scheme to improve the water quality of lake Windermere.

Too much phosphate is getting into our lakes upsetting the natural balance of our beautiful lakes. This is bad news for wildlife, people and pets.

Loving the lakes is easy, you can do your bit to help keep Windermere a special place to visit for many more years. Simply look out for phosphate-free laundry and dishwashing products when you're in the area.

Thank you for helping South Lakeland Parks protect our lakes for future generations. We hope you have a wonderful holiday!
